

## **MARKET ACCESS / HEOR CONSULTANT**

### **The company**

HealThink is a pioneering research and consulting firm with international experience in health technology assessment (HTA). Our dynamic team has a proven track record of successfully partnering with pharmaceutical, medical devices and digital health companies, universities and research centres, medical societies and international consortia in research, development and market access projects. At HealThink, we are dedicated to improving care pathways and ensuring that patients and citizens have access to Value-Based Healthcare.

### **The opportunity**

In a fast-evolving environment, understanding our clients' needs and delivering high-quality, customized services are the cornerstones of our strategy. To align with this strategy and expand our capabilities, we are seeking experienced (or less experienced) and self-motivated Market Access / HEOR Consultants eager to advance their careers. Join us and be part of our mission to drive the efficient and sustainable introduction of innovation in the healthcare system.

### **Main Duties and Responsibilities**

- Develop market access strategies, HTA, pricing and reimbursement dossiers, and value communication materials
- Manage health economic & outcomes research projects across different therapeutic areas and technologies, ensuring high-quality, on-time and on-budget delivery
- Stay updated with developments in the pharmaceutical, medical devices, and digital health sectors, including regulatory, health policy and HTA changes
- Support the development or adaptation of health economic models
- Engage with KOLs, HCPs and other stakeholders
- Collaborate closely with cross-functional teams (both internally and externally)
- Present available and generated evidence clearly and concisely in business and scientific meetings

### **Required Skills & Experience**

- PhD, or Master's, or Bachelor's degree in health economics or a related field and/or previous working experience in this role within the pharma or medical devices industry
- Good knowledge of regulatory requirements, market access, & reimbursement pathways
- Strong analytical, problem-solving, and communication skills in Greek and English
- Confidentiality and consistency

**Desired Skills & Experience**

- Experience in managing HEOR, Market Access and/or HTA projects
- Experience or knowledge in health economic modelling or econometrics
- Experience in digital health projects, international or national
- Ability to support team training in HEOR and Market Access
- Ability to work both independently and as part of a team
- Capability to coach and mentor team members

**What we offer:**

- Opportunities for professional development
- A friendly and collaborative work environment
- Competitive salary
- Work/life balance

**How to Apply:**

Please submit to [healthink@healthink.info](mailto:healthink@healthink.info) your resume, cover letter, and a portfolio of relevant work. Applications will be reviewed on a rolling basis, with the aim to fill the position by end September 2024.
